June 30, 2021

Dear members of the board,

Hereby we report to you the financial statements 2020 of your foundation. The balance sheet at December 31, 2020, the profit and loss account for 2020 and the notes, which together constitute the financial statements, as well as other information have been included in this report.

ACCOUNTANT'S COMPILED REPORT

The financial statements of Stichting European Uro-oncology Group based in Leiden have been compiled by us using the information provided by you. The financial statements comprise the balance sheet as at 31 December 2020 and the profit and loss account for the year 2020 , with the accompanying explanatory notes. These notes include a summary of the accounting policies which have been applied.

This compilation engagement has been performed by us in accordance with Dutch law, including the Dutch Standard 4410, 'Compilation engagements', which is applicable to accountants. The standard requires us to assist you in the preparation and presentation of the financial statements in accordance with Part 9 of Book 2 of the Dutch Civil Code. To this end we have applied our professional expertise in accounting and financial reporting.

In a compilation engagement, you are responsible for ensuring that you provide us with all relevant information and that this information is correct. Therefore, we have conducted our work, in accordance with the applicable regulations, on the assumption that you have fulfilled your responsibility. To conclude our work, we have read the financial statements as a whole to consider whether the financial statements as presented correspond with our understanding of Stichting European Uro-oncology Group. We have not performed any audit or review procedures which would enable us to express an opinion or a conclusion as to the fair presentation of the financial statements.

During this engagement we have complied with the relevant ethical requirements prescribed by the 'Verordening Gedrags- en Beroepsregels Accountants' (VGBA, Dutch Code of Ethics). You and other users of these financial statements may therefore assume that we have conducted the engagement in a professional, competent and objective manner and with due care and integrity and that we will treat all information provided to us as confidential.

Liquidity

Some further insight into the liquidity is provided in the numbers below.

	2020	2019
Cash and cash equivalents as at 31 December	1.893.965	2.002.398
Cash and cash equivalents as at 1 January	<u>2.002.398</u>	<u>242.825</u>
Increase (+)/decrease (-) cash/ cash equivalents	<u>108.433</u>	<u>1.759.573</u>

The explanation for this increase can be found in the cash flow statement below, compiled according to the indirect method.

Cash flow statement	2020	2019
Cash flow from operational activities		
Result	-119.107	1.821.806
Plus: depreciation	<u>0</u>	<u>0</u>

Report 2020 of the Board of the EUOG

General

The Board has met twice in 2020 on 3 June 2020 and on 16 December by videoconference due to the COVID limitations. Present: Mr. L. Beckers, Mr. I.J. de Jong, Mr. W. Loidl, Mr. H. van Poppel, Mrs. S. Osanto

Because of the 2020 WNRA law, Trial Office staff has subsequently been employed directly by the EUOG Foundation. Mrs. Alvarez was appointed as manager of the EUOG Clinical Trial Office.

In December 2020 Mr. Beckers retired from the board.

During the meeting in June the Board discussed the need for a business plan for the next 5-10 years. To this purpose, a presentation was prepared and discussed during the June Board meeting.

Information about EUOG's mission in 2021 and beyond and strategy and -in accordance with requirements for the ANBI status (non-profit, charity foundation)- the annual report can be found on the website www.euog.org.

The financial statements have been prepared by Bunnig & Partners Accountants in Leiden in cooperation with the EUOG Foundation.

Research

There are 3 EUOG studies in progress, a 4th study for 'intravenous liposomal dexamethasone in patients with metastatic prostate cancer', co-developed by EUOG has recently been finalized.

Two studies investigate the clinical utility of WB MRI and PET CT scan in patients with hormone-sensitive metastatic prostate cancer ("HORNA study") or chemotherapy-naïve metastatic castration-resistant prostate cancer ("CHENA study") undergoing enzalutamide treatment. The target number of patients has been reached for HORNA and the CHENA study is ongoing.

The URANUS study explores feasibility, efficacy and outcome in patients with upper urinary tract urothelial cell carcinoma (UTUC) scheduled to undergo surgery, who are randomized to neoadjuvant or adjuvant chemotherapy, or undergo surgery alone when unfit for chemotherapy. The trial is in progress. The trial has been approved for Spain by the Medical Agencies and METC. Visiting centers in Spain was interrupted because of the COVID pandemic. A considerable number of centers in Spain were acquired in 2020 (n=22), agreements prepared, by October the first initiation visits could be done and centers activated.

The expansion of centers for this study in such a rare disease has resulted in a considerable increase in workload for the EUOG trial office in 2020.

An Upper Tract Urothelial Carcinoma (UTUC) International Collaborative Database Consortium (UICD) investigating prediction models and across countries outcome differences is ongoing. Dedicated members convene regularly. Further expansion to other continents for the global consortium is being pursued.

Financial report

The revenues in 2020 were partially coming from grants, among others from Astellas.

The expenses of the EUOG Foundation were for daily operational costs, as salaries, insurances, juridical and accountant expenses. Furthermore, the foundation has paid substantial amounts for reimbursement to participating hospitals in studies to compensate expenses as agreed upon.

The balance on the bank accounts was on December 31, 2020 € 1.893.965.

Conclusion

The Foundation has made progress in ongoing studies and participation by more members from different centers and countries is being realized. Its portfolio has been enlarged and underscores broad interest and support to participate in urological cancer studies. The Foundation contributes to cancer research through Europe and beyond, with the aim to find new and better solutions for cancer patients. To make this possible and to continue these activities, the Foundation is striving to obtain grants, donations and gifts.

NOTES TO THE FINANCIAL STATEMENTS

Statutory name: Stichting European Uro-Oncology Group
Registered address: Leiden

Principles of valuation

General

The financial statements have been prepared in accordance with the provisions of the Annual Reporting Guideline "C1 Small Organizations-Without-Profit"

The financial statements of the company are presented in euros, which is the company's functional currency. Valuation of assets and liabilities and determination of the result takes place under the historical cost convention. Unless presented otherwise at the relevant principle for the specific balance sheet item, assets and liabilities are presented at nominal value.

The income and expenses are accounted for in the period to which they relate. Obligations and possible expenses that originate before the end of the reporting year are taken into account if and insofar as they have become known before the preparation of the financial statements.

Depreciation of fixed assets is based on the acquisition value. Depreciation takes place according to the straight-line method based on the estimated economic life.

PRINCIPLES OF VALUATION OF ASSETS AND LIABILITIES

Trade and other receivables

The receivables are initially valued at its fair value, and subsequently valued at amortised cost, which is similar to the face value, after deduction of any provisions if necessary.

Cash and cash equivalents

Cash and cash equivalents are valued at nominal value.

Liabilities

Current liabilities are initially valued at its fair value, and subsequently valued at amortised cost, which is similar to the face value. Accruals are valued at its face value.

PRINCIPLES FOR THE DETERMINATION OF THE RESULT

General

The result is defined as the difference between the profits on one hand and on the other hand the costs and expenses for that year, valued at historical costs. They are determined in accordance with the aforementioned valuation principles. Profits are recognized in the year in which the goods were delivered or the services rendered. Losses originating in the financial year are taken into account as soon as they are foreseeable.

Grants/subsidy

Grants are recognized as income in the statement of profits & loss in the year in which the subsidized costs were incurred or revenues were lost, or when a subsidized operating deficit occurred. The subsidy recognized when it is probable that it will be received.
